

## Who would have guessed

Hey are you ok  
Cause you'll be the one you'll be the one today  
Hey are you ok  
Cause you'll be the one you'll be the one  
So don't leave this way when I say  
It's you I'm longing for

Now the time has come  
We hold nothing back  
We will turn your head - Who would have guessed  
Now the timing is fine  
We hold nothing back  
We will shine our lights - Who would have guessed

Oh how can we allow  
That we only live in fear of here an now  
Oh hiw can we allow  
That we keep the silence keep it safe  
And miss any WOW effect  
It's you I'm longing for
